

Standards *of* Quality for Family Strengthening & Support

PROGRAM SELF-ASSESSMENT

*Developed by the California Network of Family Strengthening Networks
Adopted by the National Family Support Network*

April 16, 2016 Edition

USING THIS TOOL

The Program Self-Assessment Tool is designed to be used as a critical thinking exercise for Program teams to self-reflect in relation to the Standards of Quality for Family Strengthening & Support.

To use this tool most effectively, it is recommended that:

- The Program team be comprised of managers, direct service staff, parent leaders, and other stakeholders as appropriate.
- It is used annually to ensure that the Program is maintaining quality practice.

As you use the tool:

- record how your Program demonstrates the indicators;
- identify where your Program is on the continuum of quality practice;
- think about the implications and action items for your Program.

INDICATORS & ARROWS

INDICATORS

Each Standard includes 1-2 pairs of indicators of both minimum quality and high quality. The Minimum Quality Indicators demonstrate the basic application of the Standard. Programs build upon the Minimum Quality Indicators to achieve the High Quality Indicators, which represent an ongoing and deeper commitment to the application of the Standard.

ARROWS

Arrow 1 is used for the Family Centeredness, Family Strengthening, Embracing Diversity and Community Building sections to illustrate the elements necessary to move from Minimum Quality to High Quality. Each of the elements helps ensure the Standards are more deeply integrated into program practice.

High Quality Indicators include the following elements. The particular elements and the number of elements needed differ for various High Quality Indicators.

- **Formal Structure:** Program has a formal structure for the implementation of the Standard – design, policies, procedures, systemic integration, and intentional strategies with committed resources that ensure consistency of practice.
- **Staff Training:** Program ensures that staff members receive appropriate training to support the implementation of the Standard.
- **Family Partnership:** Program partners with families in the implementation of the Standard.

One or more of the elements in the arrow moves a Program from:

The Evaluation section uses Arrow 2 to illustrate the move from Minimum Quality to High Quality.

High Quality Indicators include the following elements. The particular elements and the number of elements needed differ for various High Quality Indicators.

- **Data Analysis:** Program reviews and interprets data related to program participation, quality, and outcomes. Program may look at both quantitative data and qualitative data, such as case studies.
- **Sharing Evaluation Results:** Program shares evaluation data and results with families, staff members, and other key stakeholders.
- **Program Modification:** Program makes modifications as a result of evaluation to ensure its continuous quality improvement. This process helps the Program to meet the unique and changing needs of the community or population served.
- **Training for Evaluation Integration:** Program ensures that staff members receive appropriate training for the integration of evaluation processes into their practices.

One or more of the elements in the arrow moves a Program from:
